

ELIMPO TR-E70 D

Electronic transformer 70VA

- dimmable
- no flickering at low load (5W)
- compact dimensions
- low operating temperature
- simple and easy mounting
- new and reliable technology
- minimum load: 5W ex. LEDs
- with silicone wires, distance to lamp/source
- 2 years warranty

power: 70VA
connection: insulated silicone wires
security: auto-repairable, thermal
temperature: Tc 70°C at full load/standard conditions
dimensions: L: 83mm x H: 37mm x W: 27mm
weight: 150 gr
installation: mounted in diam. 38mm
load: 12V halogen lamp, max. 70 VA, LEDs
control: push button, all ELIMPO dimmers
